PROJECTS

1. FREELANCING WEBSITE
- Developed a dynamic freelancing website which connects clients with skilled professionals. It also has an intuitive user interface and implemented secured payment systems. Created a streamlined communication, where clients can get in touch with the sellers ,rate the professional, and give review about the work. User can buy, sell and also edit gigs. Successfully facilitated collaborations between freelancers and clients.
- **Technologies Used :** NextJS, Tailwind, NodeJS, PostgreSQL, Prisma
- **Github : https://github.com/adithyamode/FreelancingWebsite**
- **Link**

2. PORTFOLIO
- Built an impressive portfolio using React.js and Tailwind. Created a visually appealing and interactive website to highlight my projects, skills. Included a functionality where user can get in touch with me and check out my projects. Demonstrated proficiency in front-end development and attention to detail in design.
- **Technologies Used :** JavaScript, ReactJS, Tailwind.
- **Github : https://github.com/adithyamode/MyPortfolio**
